JonDeTech Sensors AB (publ) appoints Mangold Fondkommission AB as liquidity guarantor

JonDeTech Sensors AB (publ) has appointed Mangold Fondkommission as liquidity guarantor for the company's shares today. The liquidity guarantee aims to improve the share's liquidity and reduce the difference between the bid and ask price. The assignment begins on 2023-11-15.

As liquidity guarantor, Mangold will ensure the possibility of trading the company's shares daily by continuously placing trading entries on each buy and sell side of the order book. A liquidity guarantee is intended to create a more accurate price picture in a company's share, which results in a more accurate valuation of the company and provides the opportunity for an improved trading volume in the share.
