

PRESS RELEASE

Stockholm 2023-12-11

Leif Borg appointed as new CEO of JonDeTech Sensors AB

The board of JonDeTech Sensors AB has appointed Leif Borg as the company's new CEO today. Leif Borg has extensive experience within JonDeTech, from roles such as COO and acting CEO, and he will drive the commercialization of JonDeTech's offering and continue to build important customer and supplier relationships. Leif will assume the position with immediate effect.

Former CEO Dean Tosic will be available to the company during his notice period.

- JonDeTech is in an exciting phase, and we see that Leif's experience will be important in building on the commercial platform that has been created. The board would like to thank Dean for the work he has done for the company since he took office in November 2021, says Jan Johannesson, Chairman of the Board of JonDeTech.

About JonDeTech

JonDeTech is a supplier of sensor technology. The company markets a portfolio of IR sensor elements based on proprietary nanotechnology and silicon MEMS. The nanoelements are extremely thin, built-in flexible plastic, and can be manufactured in high volumes at a low cost, which opens up for a variety of applications, such as temperature and heat flow measurements, presence detection, and gas detection. The company is listed on Nasdaq First North Growth Market. Redeye is the company's Certified Adviser. Read more at www.jondetech.se or see how the IR sensor works at www.youtube.com/watch?v=2vEc3dRsDq8.
